
Water into wine

Posted by TLJ - 2008/10/08 17:55

I've got friends in Marino. Perhaps I should visit them.....

:woohoo: How exciting! I'd be happier with a nice Merlot, but then red wine flowing from your taps would look like something out of a horror movie, wouldn't it?
I'll have to plan a trip to Italy next year around the same time as the festival! :laugh:
