
Poll threads

Posted by dws - 2007/10/17 12:06

Any chance of introducing a tool to add a poll to a thread one creates, as is on the Herald forum? I think it'd go down well with the punters. (Apologies if it's already in place and I haven't found it yet).

If I could, I would ! Unfortunately, it's not possible using this form of board - although it is an option which is being considered by the developers.
