If imitation is the sincerest form of flattery, what do they say about satire ? :laugh:

Brought to the web by a guy on the Retard's forum who doesn't like the Scotsgait poll on who makes the best party leader (but who can't bring himself to comment on Wendy - as you'll see from the second page)

Satire is traditionally the weapon of the powerless against the powerful.

Molly Ivins

I think this covers it TLJ. :laugh:

If what we think matters so much to him why doesn't he just join the group?

Wow, that's really hostile about this MB.

I take it there's a back story here? Care to share?

Anyway, couldn't find any way of posting abuse on his not-very-funny webpage. The old Hitler-Salmond thing again . . it's hilarious .not.

Not as far as I'm aware. He just launched into me on a Record thread. I've only just started posting there to try and encourage a few unionists over to add a different perspective here !

I guess he just doesn't like the results of the Scotsgait poll and what it says about Wendy.

I saw that posted on Our Scotland TLJ, and had a look at the record thread.

I didn't know they had a forum, I may just join that.

Looks like it needs some insanity on it.:lol:

I think everyone will see this poster for what he really is.

Pure Jealous.:P

I wouldn't let someone like that worry you, and in fact it's a backhanded favour.

Folk will come along here now, and might even join, when they see what they are missing.
So his wee scheme backfired.

The style of posting seems very familiar.

Or it's Wendy herself?:P

I missed this thread. Given the content, I think it should have been in the Politics section, but who am I to say?

Criticism of a site because of the engine they use is ridiculous. It demonstrates a paucity of argument.

As it happens my better half runs a couple of websites with both forum and chat facilities. (the chat a bit more active than here) and uses a variety of templates and software, some free and some with nominal costs.

This site is, in my opinion excellent offering a variety of content and open to anyone (as far as I can see :). So who has an axe to grind?

Much as I despise the Record and have avoided its' forum, I may just sign up. Who knows.....

The guy really launched into me tonight simply because I basically pointed out (in a very well-mannered way) that people in glass houses shouldn't throw stones !
