---

Get a good gander of Jesus. He challenges his disciples to take up the cross with him.. to give up worldly things and challenges their ideals. He challenges the commandments to a deeper meaning.. The love of God.. He challenges the leaders and teachers of his time. His walk with love creates a stir across the lands. Telling people even the thought of hate is murder... Even thought of lust is adultery... Even the thought of lies cause dissension amongst the people.. He challenges us to take up a new meaning. To abandon greed,hate, deceit, covetness,adultry,murder,false idols, to honor our parents and to love God and others before ourselves. A man who was a mere carpenter... born of a stable.. who shared a special message that is still shared today.
