Sup Peeps ?

So , Who am I ? Hmmm this is harder than I thought. I`m a grumpy old man (47) and lovin it ha ha ha ! I live and have lived all my life in South Lanarkshire for my sins. I have worked for many years for a national newspaper though not as a journalist, which affords me plenty of time to wade through political discussion forums on newspapers and the like. Oh, and I do like a good argument. I`d say I have an opinion on almost everything.

I`m just another one of these "been there done that" kind of guys who have reached that time of life when you think back and say to yourself " well I`m glad I did`nt just p*ss it all away like him round the corner ". Then again I probably did ! Failed motorcycle racer,,,rock`n roll guitarist,,,divorce, ,several heart attacks and a by-pass later and I`m actually starting to have some fun again.

As for my particular political leanings , , , I was once referred to as a "Nationalist" to which I replied "HELL NO", , , I`m a "Rabid Nationalist"

see ya around !
