## Word of Mouth - Mike and the Mechanics

In my humble opinion, this song could do for the SNP what "Things can only get better" did for New Labour in 1997 - listen to those lyrics!!B)

Politics aside, it's a cracking song on it's own merits.:)

Hi dws,

excellent song and great back-beat.

In my humble opinion, this song could do for the SNP what "Things can only get better" did for New Labour in 1997 - listen to those lyrics!!

You could have something there. I've sent the link to this thread to SNP HQ.

I know the song dws and yes, you're right, there's a message in there. Scunnert, ignorance certainly isn't strength, if in doubt read the Herald threads, and get that slogan changed at once! Hiya Jimbo!
