## Life in a Hearing World

Posted by TLJ - 2008/03/23 20:18

---

BBC 2 Scotland, Mon 24 Mar, 9:00 pm

One in seven Scots are deaf or have impaired hearing - 3000 of those are children. The Edinburgh landmark of Donaldson's College specialises in preparing those young people for the challenges of life in a hearing world. This documentary follows the staff and pupils of the college during their biggest ever challenge together - moving the whole school from its historic home to a new site in Linlithgow.

I'll be watching this - my stepson goes there.
