I'm not sure it was fully appreciated by one or two in this house, scunnert. Carlos Santana is held up with God-like status by the boys around here!

We are off to see him at Birmingham NEC on 20th June. He has just released his first ever compilation, 'Ultimate Santana' and the show is said to, embrace the full spectrum of Carlos Santana's longevity, creativity, and soulful musical conscience.

Groovy B)

As a Santana fan of almost 40 years I must say I'm disappointed yer lads didn't appreciate this fine performance of one of Santana's best tunes by good old Tuck. However, I am jealous you guys get to see him shortly. I've seen him a couple of times - the last being at the Fox theatre in Detroit in the early nineties. My one complaint of that concert was that he dedicated one tune to the "Mother of Africa" - Winnie Mandela!

Anyway - enjoy.
